gramme, which includes a street car ride,
a banquet and a barge excursion down the
bayou, was arranged and will be submitted
to the general committee, which will hold
a meeting at the office of Dr. J. A. Mullen
on Wednesday night.

Some four or five hundred physicians
from all parts of the State are expected
to attend the convention and the members
of the local fraternity will put forth every
effort to make their stay in the city a
pleasant one. To this end they ask the co-
operation of all citizens.

LIGHT GUARD SMOKER.
Enjoyable Stag Affair Given at the
Armory Last Night.

One of the most thoroughly enjoyable
smokers ever given by the Houston Light
Guard club was that which took place at
the armory last night, in charge of a com-
mittee consisting of John S. Hoover,
chairman; Milby Porter and D. E. Huey.

operation of all citizens.

James Welsh favored the assembled com-
pany with "Erin Go Braugh" in his rich
tenor voice, and in answer to an enthu-
siastic encore sang "Annie Laurie" with fine
effect.

Mr. E. H. Wilson rendered "After the
Ball" and other topical songs in a manner
which brought down the house.

The Houston Post band, under the di-
rection of Professor Joseph Pristia, rendered
a programme of concert and dance
music during the evening, which up with
"The Post Waltz," to which the young
men, with each other as partners, danced
merrily.

A feature of the affair was the sumptuous
lunch, which was served under the direction
of Captain John Valentino. Liquid re-
freshments were also served.

Those present were Austin Miller, Ed-
ward A. Brulin, C. S. Aydtell, John
Watkins, W. P. Bryan, J. and B. Stanford

A Sudden Death.
J. J. Hurt, who was a familiar figure on
market square last summer dispensing
mineral water, died yesterday morning at
St. Joseph's infirmary. He was found in
the rooming house of Mr. Miller at 411
Milam street between 8 and 9 o'clock, suf-
fering from what was supposed to have
been stomach trouble. He was given tem-
porary relief, and by order of City Health
Officer McElroy was taken to the infirmary.
Shortly after arriving there he died.

The dead man has a son, Robert Hurt,
at Franklin, Texas, who died last night
that he would be here today. Justice Hill
is making an official inquiry into the cause
of death.

The Boycott Settled.
The grievance between the Brewery Driv-
ers' Union and the American and Lemp
breweries was settled yesterday. The men
that quit work on account of it were re-
instated and everything is now moving
smoothly between the breweries and the
drivers. Messrs. John P. Y.
Brown league and H. A. Koch as master
workman of Phoenix assembly 3025, Knights
of Labor, send a communication to The
Post that this boycott was not authorized
by the Labor Council and that the mem-
bers of the brewers are members in good
standing of some labor organization.

The Registration.
Yesterday's registration of voters was
547, against 291 for the corresponding day
of the last registration. Yesterday com-
pleted the fifth day of the present regis-
tration and the total figures for the five
days are 2918, as against 2351 for the first
five days of the last registration, showing
an increase in the present registration to
date of 567 names.

School Tax Election.
The election to be held in school district
No. 19, which is in the neighborhood of
Spring precinct, for the purpose of voting
a tax of 10 cents on the \$100 for school
purposes, will take place on Saturday,
April 2, instead of March 19, as has been
previously announced. The order for the
election was made by the board of county
commissioners at its last regular meeting.

Died from His Injuries.
Francis Brown, an employee of the Elec-
tric Street railway power house, fell be-
neath the wheels of a wood wagon Friday
afternoon and in passing over him the
wheels crushed his body. He was removed
to St. Joseph's infirmary by the police
patrol and there died yesterday morning.

The Children's Purim.
Mrs. R. Quailworth and her associates of
the Ladies' Relief society are working hard
to make the children's Purim ball at Bryan
hall on March 8 a big success. Some hand-
some tableaux are being arranged and the
affair promises to afford enjoyment for the
old as well as the young.

THE KEELLY CURSE IN NEW ORLEANS.
New Orleans, March 4, 1898.—"Alcohol,
opium, cocaine and tobacco all produce
such a disease, having definite pathology.
These diseases all yield readily to the
double chloride of gold treatment as ad-
ministered by the Keelly Institute, on the
corner of Magazine and Alamo streets—a re-
fined place—in New Orleans. All commu-
nications are confidential. Write for par-
ticulars. Box 1066."

That is the way the advertisement of the
Keelly cure institute in this city reads.
Now there are many in Texas who are
afflicted with disease caused by an excess
of stimulants who are anxious to be cured,
but dread the publicity attending it. All
such can come quietly and be cured with-
out any notoriety whatever. First write
for particulars and then quietly steal away
and return a healthy man.

NOTICE, TAXPAYERS.
In accordance with the city charter the
delinquent tax roll will be published on
the 21st day of March and appear for ten
consecutive days. An additional penalty
of \$4 will be charged to cover cost of ad-
vertising and statements to the city at-
torney. Those who desire to save the cost
of a suit to recover taxes by law will do
well to pay their taxes before the above
date. All property not rendered by April
1 will be placed on the unrendered and
unknown rolls. Justin C. White,
City Assessor and Collector.

NEAR THE CENTER.
Of the city of Navasota there are thirty lots
of the Camp estate which will be sold at
auction March 10 and 11. Also 200 acres of
land in the same tract by J. A. H. Hsack
auctioneer.

IRON IN THE STOMACH.
You May Perhaps Think It Strange
that There Is Iron in Your
Stomach,
or should be. Do you?
At any rate it is true.
If there is no iron in you are sick. If you
are sick, it is probably because you need
iron.

Indigestion, with all its discomforts, is
caused by the want of iron. Your gastric
juice contains iron. When it doesn't it
is weak.

Headaches, dizziness, yellow complexion,
stomach ache, offensive breath, bad taste,
eructations, fever, ague, nausea, heart-
burn, flatulence, constipation, prostration,
exhaustion, general weakness, tiredness,
loss of ambition, nervousness, irritability.
All these troubles come from indigestion,
caused by lack of iron in the stomach
and blood.

Have you any of them?
You can drive them away with Dr. Har-
ter's Iron Tonic. It puts just the right
proportion of iron into your stomach—the
form of iron that is needed—the sort
that doesn't disorder your digestion or dis-
turb your teeth.

It is not a theory, it is a scientific fact,
that iron is found in nearly every part of
the healthy body.

Dr. Harter's Iron Tonic supplies the iron
that is needed to make you well. Tones
up your stomach, enriches your blood, puts
strength and vitality into your system.

Indigestion can be cured with Dr. Har-
ter's Iron Tonic. The bad results of indig-
estion may be righted. Your health will
be restored if you take it steadily and per-
severingly until your system has all the
iron that it needs.

You can tell when you are well.
Here are a few words of gratitude from
Mr. Charles D. Hall of the National Mil-
itary home, Virginia. He says:
"I have used Dr. Harter's Iron Tonic,
and find it the best medicine that I ever
used for indigestion, biliousness, loss of
appetite and general nervous debility. I
freely recommend it to all suffering from
those ills of life."

Accident to the Well.
It was discovered yesterday that the bot-
tom foot at the end of the pipe of the
artesian well being bored on court house
square by Mr. Gus Warnecke was broken.
